

Seniors Class of 2022

SESSION PLANNER AND REPRINT GUIDE

CATCH THE WAVE OF EXCITEMENT

Welcome

A professional senior portrait session will help you capture your special personality, unique attributes, and bring your playful persona to life.

Sessions take place in our studio, on our one acre outdoor studio, or your favorite location.

Add in some favorite clothes, a special prop or two, and maybe even the family pet, and you've got a great session—and amazing pictures — you'll love forever.

Why Go With a Pro

With the recent explosion of the digital camera market, and even smart phones that take amazing photos, why should you go with a pro?

A smart camera does not make a smart photographer. Just because your friend, co-worker, or relative may have a high-speed, high-quality digital camera, does not mean he/she is an amazing photographer. While good “over-the-counter” equipment does help the average consumer up their photography game, a professional photographer brings an artistic vision, approach and creative eye that can't be bought at the electronics store!

The Process

Pre Planning This is definitely one of the most fun parts of the process. Check our website or Facebook page for inspiration on poses, props, and general styling. Start thinking about your style and what you are looking for in your session.

Pick Your Sitting Option Once you have determined what style you want, it is time to pick your sitting option. See sitting options below.

Schedule Your Sitting If your school is contracted with us, your appointment will be scheduled for you. Otherwise, you can schedule either by calling or emailing the studio.

The Shoot The day is finally here!! Have **FUN** and **RELAX** and you'll naturally take better photos!

Post Processing We will color correct your images, crop, check for highlights and shadows, and do a bit of "pretouching".

Preview Pick Up When your previews are ready, we'll schedule a time for a photo preview session and discuss your previews and ordering procedures. A \$25 deposit (except for formal sittings) is required to take previews out of the studio. This deposit will be applied to any future orders.

ALL DECISION MAKERS SHOULD BE PRESENT FOR THIS APPOINTMENT!

Ordering Appointment When you are ready to order, call the studio to schedule a time for your ordering appointment so you have our undivided attention. A 75% deposit of your total order is required at this time.

Sitting Options Use the guide below to pick your sitting session

TYPE OF SITTING	Combo	Classic	Mini	Formal
AMOUNT OF TIME	2 hours	90 minutes	40 minutes	20 minutes
NUMBER OF OUTFITS	4 + formal	3 + formal	1 + formal	Formal Outfit

Add Ons	LOCATION	\$75.00	\$75.00	Not Available
	WEB HOST	\$35.00	\$35.00	\$25.00

Location Sitting must be within 15 miles of studio. Outside of 15 miles, add \$25/10miles

Getting Ready

Here are some helpful tips to make your photo session successful

If you wear **make-up**, apply it as you normally would.

If you are a diehard natural, and normally do not wear a bit of make-up, we do suggest a minimum of gloss on the lips and a little mascara.

Retouching can be provided on your finished prints, but to make your previews look their best, coverage of any blemishes is recommended.

Facial Shine is something we cannot retouch.

The studio will have translucent powder to help you with this problem.

It is a good possibility that your **hands** will be in some photographs, make sure your nails are neatly done.

Avoid Sunburns!!

We all love the sun, but stay out of it a few days prior to your session. A little color is always attractive but don't overdo it. We cannot change the redness of a burn by digital artwork.

Wrinkles Show! Make sure your clothes are neatly pressed.

Avoid a **brand new hairstyle or cut**. You won't look like you. Hair that is cut usually looks best approximately one week from time of cut. This is especially important in the summer when a fresh cut may reveal untanned skin. Please have your hair ready when you arrive at the studio so only a quick touch up is necessary.

We have the miracle of digitally retouching. If you wake up the morning of your session with a brand new blemish (which is inevitable) don't worry. We have the ability to return your complexion to peaches and cream in the final photographs. Retouching is **facial only**, so your hair and clothing should be exactly as you want them to appear.

If you wear glasses: Glasses cause distortion to your facial features. There may also be glare from the photographic lights. Any tint to your glasses will darken under photographic lights. It is vital that you do one of three things:

- 1) Ask your eye doctor to loan you a pair of frames like your own. Most doctors will be happy to do this.
- 2) Remove your lenses and then replace them after the session.
- 3) Try some images with and some without your glasses.

Tips For Choosing Your Clothing

What do I wear?

Make sure it fits! While the “super oversized” clothing are very much in style, they are not very flattering photographs.

On the other hand, anything too tight may confine you and may even make you look uncomfortable.

Color is one of your most important decisions.

Choose colors that are complimentary to your skin tone.

Choosing the right neckline is also important.

If you have a slightly longer neck, you should choose a higher neckline such as a turtleneck. If you have a shorter neck, choose a v-neck or crew.

Make sure you cannot see through your shirt.

Girls pay attention to the color of your bra, sports bra, camisoles, etc.

If you want to appear as slim as you are -

avoid horizontal stripes

Sleeveless clothing is not recommended, it makes arms appear larger than they are. Long sleeve clothing is the best choice.

Sweaters photograph well all year long. We keep our studio temperature comfortable all year round, so don't hesitate to choose a sweater just because it is warm outside.

Dress from head to toe!!

Remember all the accessories that you will need to complete your outfit. Socks, belts, shoes, and jewelry are some of the most commonly forgotten items.

Reminder to guys - when wearing shirts, ties, and jacket - DO NOT WEAR SHORTS! Wear long pants that are compatible with your suit.

Reminder to girls - necklaces are the most commonly forgotten item.

Mix it up - Please mix up your outfits. Do Not bring outfits that are the same style.

This will make your images repetitive.

If you cannot decide which outfits to wear, feel free to bring along additional choices and we will help you decide which will photograph the best.

Reprint Packages

J K Images offers package pricing for you to save!!!
Individual Print Prices available at time of ordering.

Wrap Special

NEW
ITEM

This package will show off your wall portraits in a contemporary style with 3 photo wraps. The package includes: (1) 16x20 Canvas Wrap - (2) 8x10 Canvas Wraps - (4) 5x7's - (1) 48 Wallet Special
